Guitar 101 (Essentials 1.3)

Tuning your guitar

LESSON NOTES

If you want to sound good, you need to be in tune! Here are some basic ways to tune the guitar by ear using unison/comparison tones, and by harmonics. Also, there is a demonstration of the use of a simple electronic tuner-which is the most accurate and reliable way to get in tune.

Points covered:

- Tuning using comparison tones
- Tuning using harmonics
- Electronic tuners
- What notes to tune to!
